

QuickTOCultra

Key advantages for water quality and process control:

- Versatile for food and beverage applications from incoming water purity to wastewater
- Online determination of TOC, COD, BOD
- Robotic injection system
- Optimal for high concentration of proteins and fats
- Up to 6 steam options available
- 100% oxidation of sample at 1,200°C / 2,192°F for better accuracy
- No chemicals or reagents needed
- Flow Sampler for maintenance-free particle separator available
- Free of memory effects and blockages

Key applications

Dairy Processing

Food Manufacturing

Beverage and Brewing

PREMIUM INSIGHTS – GAIN REAL-TIME INSIGHT INTO YOUR PROCESS

Process Insights' products and solutions deliver innovative and differentiated analysis and measurement solutions and technologies that add high value to our customers and protect the environment.

Our commitment is to deliver smart and affordable innovation that optimizes process, improves safety, and transforms our world.
