

QuickTOCultra

Key advantages for water quality and process control:

- Versatile for all wastewater applications
- Online determination of TOC, TC, TIC, TNb, COD, BOD
- Robotic injection system
- Optimal for high concentration of particles, salts and fluctuating loads
- Up to 6 steam options available
- 100% oxidation of sample at 1,200°C / 2,192°F for better accuracy
- Low cost of ownership
- No chemicals or reagents needed
- Flow Sampler for maintenance-free particle separator available

Key applications

Industrial Wastewater

Environmental Compliance

Chemical

Refinery

Manufacturing

PREMIUM INSIGHTS – GAIN REAL-TIME INSIGHT INTO YOUR PROCESS

Process Insights' products and solutions deliver innovative and differentiated analysis and measurement solutions and technologies that add high value to our customers and protect the environment.

Our commitment is to deliver smart and affordable innovation that optimizes process, improves safety, and transforms our world.
